Sir:

This Declaration is made to accompany the Petition For Revival and Fee and Amendment attached hereto.

Applicant received a non-final office action in this case on the above application dated November 17, 2005. I prepared a draft response to the office action but had not completed the response. The file and the draft response was inadvertently placed in an incorrect file in my office and the error did not come to my attention until the Examiner called me about the case on May 24, 2006.

The entire delay in my responding was unintentional and there was no intention to abandon the application.

All statements made herein of my own knowledge are true and all statements made on information and belief are believed to be true, and further that these statements are made with the knowledge that willful false statements and the like are

punishable by fine or imprisonment or both under 18 USC 1001 and may jeopardize the validity of this application or any patent issuing there from.

Respectfully submitted,
